

# One Day Decorate Fabulously Workshop coming September 13th

**Irene Woodworth**

The Assistant Product Group (APG) is pleased to announce that Irene Woodworth, Creator and CEO of One Day Redesigns, Inc. and The Color And Redesign Institute, has teamed up with APG to bring to Boise, Decorate Fabulously™ – a Dish on Design™ Workshop, which launched nationally in July 2008. Woodworth is APG's first national and local Dish on Design Instructor. Dish on Design Workshops offer homeowners the opportunity to explore the world of decorating with a design professional.

Woodworth, an IRIS Certified Interior Redesigner and Home Stager, Motivational Speaker and Idaho's only Certified Dewey Color instructor, has been the recipient of several awards over the last 27 years.

The first workshop that Woodworth will offer is titled Decorate Fabulously. With Woodworth, homeowners will learn the fundamentals of decorating; covering topics such as finding inspiration, drawing a floor plan, choosing color and more. Decorate Fabulously was created for homeowners who are passionate about decorating (or baffled by decorating), building or remodeling a home, looking for design tips, or just need a "Girl's Day Out". All

workshop participants will receive the Decorating Assistant® planner and organizer with magnetic furniture pieces and stylish carry bag.

According to Woodworth, "There are no set formulas to decorating, but there are rules of thumb and common principals that as professionals, we apply to our work." Woodworth is looking forward to sharing creative ideas that will help homeowners become confident in their decorating decisions and ultimately create a beautiful home.

The One Day Decorate Fabulously Workshop which runs from 9:00 AM to 5:00 PM and includes lunch, will be offered by Woodworth to Homeowners on September 13th, 27th, October 25th, November 1st, 15th and December 6th.

To learn more about Woodworth and the Decorate Fabulously Workshop, visit [www.OneDayRedesignsInc.com](http://www.OneDayRedesignsInc.com) or call (208) 853-2772.
